Masser Excaliper II

# MASSER

PRECISION

## Excaliper II

- Well balanced lightweight construction with magnetic self calibrating measuring principle ensure precise measurement
- Masser calipers are ruggedly made of light weight aluminium to withstand the most demanding conditions and use
- Water proof construction and pre-lubricated bearings give a long working life
- Powerful processor and 8 Mb fast memory gives the possibility for a variety of measurement and data collection software
- Easy to program: Uses MASSER Developer programming environment or can be equipped with tailored software package

### Product specifications

Measuring range	0 - 500 mm (optional 650 / 800 mm)
Accuracy	+/- 1 mm
Calibration	Self calibrating
Weight	1,2 kg batteries included
Operating temperature	-20°C to +40°C
Storage temperature	-30°C to +60°C
Sealing	Waterproof IP67
Keypad	Enter button and Toggle switch and full Alphanumeric keyboard
Software support	MASSER Developer or tailored software packages
Display	128 x 64 pixel graphic LCD, backlight
Communications	Serial port RS 232 C and internal Serial port / USB adapter
Memory capacity	8 Mb
Power	Rechargeable battery + Memory Back-up battery
Working time	From 10 to 20 hours per charge
Warranty	1 year

### Options

GPS Receiver  
Bluetooth
